FAQs

The information provided is current as of September 2023.

1 How do we invest?

Simply download and complete a charity application form from our literature library on our website. Alternatively you can contact us on 0800 032 3778 and we will post an application form to you. Further information on those completing the form may be required. All application forms received before midday will be invested on the same day. Application forms

received after midday will be dealt on the following business day. A contract note detailing the number and value of shares purchased will be sent to you shortly after we receive the application form together with details of how to pay for the investment.

2 Is our money easily accessible?

Although our funds are intended for long-term investment you can access your capital without restriction. Shares can be sold on any working day simply by sending us a suitably authorised written instruction and the funds will usually be credited to your account within four working days.

3 How frequently are Distributions paid?

Majority of our Funds declare distributions in June and December each year. Please refer to the respective Fund Factsheet in our literature library on our website for the fund's respective Distribution dates. The distribution proceeds are paid approximately two months after the distribution had been declared.

4 Can the Distribution be reinvested?

Yes. Simply advise us that you would like the distribution be reinvested and a contract note will be sent to you confirming the amount reinvested and the number of shares purchased.
