Financial Objective

The Fund aims to generate a regular income payable quarterly with some capital growth over a period of five years or more through investment in a portfolio of government and government-related green, social, sustainable, or impact bonds.

Sustainability Objective

To invest in government and government-related green, social, sustainable or impact bonds whose proceeds will be used to finance new or existing projects that support a reduction in the level of carbon emissions caused by human activities (measured in tonnes of carbon dioxide equivalent CO2 avoided), and/or to enable greater access to basic social services (measured in number of beneficiaries).

Cumulative Performance (as at 28/02/2025)

Returns not available as there is less than one year performance data

Cumulative Performance (as at 28/02/2025)

Returns not available as there is less than one year performance data

Discrete Annual Performance (as at 31/12/2024)

Returns not available as there is less than one year performance data

As this Fund was only launched in October 2024 there is insufficient data to provide a useful indication of past performance to investors. Past performance information will be shown when the Fund has been in existence for a complete calendar year.

Past performance should not be seen as a guide to future performance. The value of an investment and the income from it can fall as well as rise as a result of market and currency fluctuations, you may not get back the amount originally invested. This factsheet should not be interpreted as financial advice. If you are unsure which investment is most suited for you, the advice of a qualified financial adviser should be sought.
